

Here's What We're Doing to Keep You Safe

Dear clients,

Just like all Australians, we're doing our best to help stop the spread of the COVID19 virus, and follow the advice of the World Health Organisation and the Australian Government.

As part of our commitment to your safety, we have taken the following measures:

- All equipment is cleaned with hospital grade disinfectant after every treatment.
- Hand wipes and sanitisers are available for all clients and staff.
- Social distancing is enforced, and treatments staggered for this purpose.
- All staff have completed the COVID-19 infection control training.

Thank you for your patience and understanding
